

McINTIRE SCHOOL
of COMMERCE

McIntire's online application process consists of several sections. The University Student Information System automatically enters some of your information, but not all. You are required to provide the remaining information.

To help you prepare, the following is a page by page preview of the application. The screenshots depict the flow through each section.

The dates on this sample application are not the actual dates for this admission period and the student data is entirely fictional.

How To Apply....

- 1 Registration:** [Register](#) on this website using your UVA computing id*. You must register between 10/01/18 12:01AM and 11/30/18 11:59PM.
- 2 Confirmation:** Once you register, you will receive an email** containing a confirmation link. Follow this link and re-enter your password to confirm your registration.
- 3 Start an Application:** After confirming your registration, you will be able to start an application. Review the SIS information in the application to ensure it is correct and fill out the student content portion of the application.
- 4 Payment:** Before you can submit an application, you must pay a \$75.00 application fee or request a fee waiver. There are links for both options on the last page of the application. If you request a fee waiver, you must do so at least two business days before the application is due. This gives us enough time to respond to your request.
- 5 Submit Your Application:** Once you have paid the application fee or received a fee waiver, you can submit your application. It must be submitted by 01/26/19 11:59PM. However, you cannot submit an application before 10/02/18 12:00AM. This provides us enough time to analyze your SIS record to determine if you are meeting the admissions prerequisites. If you are not, you can indicate how you intend to satisfy the prerequisites before you submit your application.
